22 April 2008

Mr. Kelly Tidwell  
Elite Electrical Corp.  
504 Shaw Road, Suite 203  
Sterling, VA 20166

Dear Mr. Tidwell,

On behalf of Loudoun Habitat for Humanity, I want offer words of sincere thanks and appreciation to you and Elite Electrical Corp. for the extremely generous offer of the donation of time and material to provide the electrical work for our final two homes in the Mary Jane Jackson Subdivision in St. Louis, VA. Your generosity means the not only will our homes receive high quality installation of electrical service and fixtures but that the thousands of dollars we would spend on this necessity can now be utilized elsewhere in achieving our goal of affordable housing in our community.

2007 was an amazing year of progress for Loudoun Habitat. For the first time in our history we had three houses under construction at the same time. By year's end the first two homes were ready for their selected partner families who worked side by side with hundreds of volunteers to build their homes. The completion of the third home was celebrated in February of this year.

2008 promises to be even more exciting as we begin the final two homes on Bernard Lane in St. Louis and shortly will be closing on additional property in this unique village for an additional five homes. All of these homes will be more than mere houses. They represent lives that will be changed, families that will be strengthened, and a community that has bonded together to assure all families have a safe, decent, healthy home in which to live. We truly appreciate Elite Electrical's commitment to this important work of community in action.

Again, thank you for your support of Loudoun Habitat's mission of building decent, affordable homes in our own communities.

Sincerely,

A handwritten signature in black ink, appearing to read "Bud", followed by a long horizontal line extending to the right.

Stanley "Bud" Green  
President, LHFH
